Sorcery

Players must leave game in progress as it is and use the cards left in their libraries as decks with which to play a subgame of *Magic*. When subgame is over, players shuffle these cards, return them to libraries, and resume game in progress, with any loser of subgame halving his or her remaining life points, rounding down. Effects that prevent damage may not be used to counter this loss of life. The subgame has no ante; using less than forty cards may be necessary.
