Narset, Parter of Veils

Planeswalker Legend

Opponents can draw only one card each turn.

Put 5 loyalty *(use counters)* on Narset. Opponents can attack Narset as though she were you. Any damage she suffers depletes that much loyalty. If Narset has no loyalty, she abandons you.

Once during each of your turns, you may spend two loyalty to look at the top four cards of your library, reveal a non-creature, non-land card from among them, put it into your hand, and put the rest of the cards on the bottom of your library in a random order. *(Do not reshuffle afterward.)*
