Don Andres, the Renegade {1}{U}{B}{R}

Legendary Creature — Vampire Pirate

Each creature you control but don't own gets +2/+2, has menace and deathtouch, and is a Pirate in addition to its other types.

Whenever you cast a noncreature spell you don't own, create two tapped Treasure tokens.

"Why climb the tangled rigging of the Legion of Dusk's hierarchy when I can fly a free flag of my own?"
