
Monet, Sensei of the Sewers
Legendary Creature - Rat Ninja Mutant
Fixed commander ninjutsu 3BG (It's commander ninjutsu, except the command tax applies, like it should have originally.)
When Monet enters, create four 1/1 green Turtle creature tokens with training. If Monet was ninjutsu'd, those tokens enter tapped and attacking. (Whenever a creature with training attacks with another creature with greater power, put a +1/+1 counter on it. This doesn't work if it enters tapped and attacking.)
