

The image displays a 3x3 grid of identical Magic: The Gathering cards. Each card is titled 'The War Doctor' and features a mana cost of 2 (white) and 2 (blue) with a star symbol, indicating it is a Legendary Creature. The card's type is 'Time Lord Doctor'. The artwork depicts a man in a dark, heavy coat kneeling in a dimly lit, industrial or military setting, interacting with a large, ornate metal box. The card's text is as follows:

Legendary Creature — Time Lord Doctor

Whenever one or more other permanents phase out and whenever one or more other cards are put into exile from anywhere, put a time counter on The War Doctor.

Whenever The War Doctor attacks, it deals damage equal to the number of time counters on it to any target. If a creature dealt damage this way would die this turn, exile it instead.
