

Darkthicket Wolf 1 

Creature — Wolf W

2 : Darkthicket Wolf gets +2/+2 until end of turn. Activate this ability only once each turn.

Werewolf slayers don't know for certain how werewolves are created. So they kill all the wolves, just to be safe.

Darkthicket Wolf

1

A black and white illustration of a werewolf in a forest. The werewolf is standing on all fours, facing forward with its mouth open in a roar, showing sharp teeth and a red tongue. Its fur is dark and shaggy. The background shows a dense forest with trees and foliage.
